

My work hours:

Are you a morning person? Or a night owl? When should someone expect to work with you? When do you prefer to be heads down?

What's the best way to communicate with me?

Prefer Slack over email on certain topics? Prefer in-person meetings over chats?

If I don't respond, try:**How do you like to give feedback?**

Slack? Zoom? Via email? Frequency of feedback?

How do you like to receive feedback?

Slack? Zoom? Via email? Frequency of feedback? Privately? Publicly?

What areas of the project are you interested in / want to work on?**What areas are you not interested / prefer not to work on?**

A specific area of code? A type of task? Talking to users? Talking to customers? Code review?

What is one goal for the coming year, or an area you would like to grow?

Communication? Technical expertise?

Things I'm more than happy to talk about:

Restaurants? Home automation? Your dog? Give people ideas on what you love to discuss.
